

Directions to Llwyndrain and Cerrig Glas

We are situated on a small lane to the west of the A478 about half way between Cardigan and Narberth, about two miles south of Crymych.

We find that it is better NOT to use GPS directions to find us, as you may find yourself in Mynachlog-ddu. It is more direct to approach the cottage from the A478 Tenby/Cardigan road.

The lane to the house is quite narrow and there are often walkers, cyclists and riders using it, so we would be grateful if you would take care approaching Llwyndrain. There are sometimes loose sheep as well!

From the south (A40/Narberth)

Take the A478 north towards Cardigan. Go through Clynderwen, Llandissillio, Efailwen and Glandy Cross. On entering Pentre Galar, go past the right turn to Hermon, then take the left turn on the apex of the bend (there is a traffic mirror opposite the turn). Proceed down the lane for about a mile, Llwyndrain is the first house on the right. Cerrig Glas is on the right hand side of the farmhouse.

From the north (Cardigan)

Take the A478 towards Narberth/Tenby. Go through Crymych and proceed up the hill, past the free range egg farm on the left. Turn right at the top of the hill by the traffic mirror. Proceed down the lane for about a mile, Llwyndrain is the first house on the right. Cerrig Glas is on the right hand side of the farmhouse.
